# Debate Team Joins National Honor Fraternity

The topic for this year's debate team was "Land Use, should the Federal Government adopt a comprehensive program of land use control?" The team was moderated by Professor Monahan and Kieran Larkin (SFC '75) was the director. Pete Maloney, president, and the other officers Paul Januszewski, Jim Purpura, Donna McDermott, and Larry Becker coordinated events throughout the year. The team competes on the novice and varsity levels against Columbia, Princeton, St. John's and other colleges.

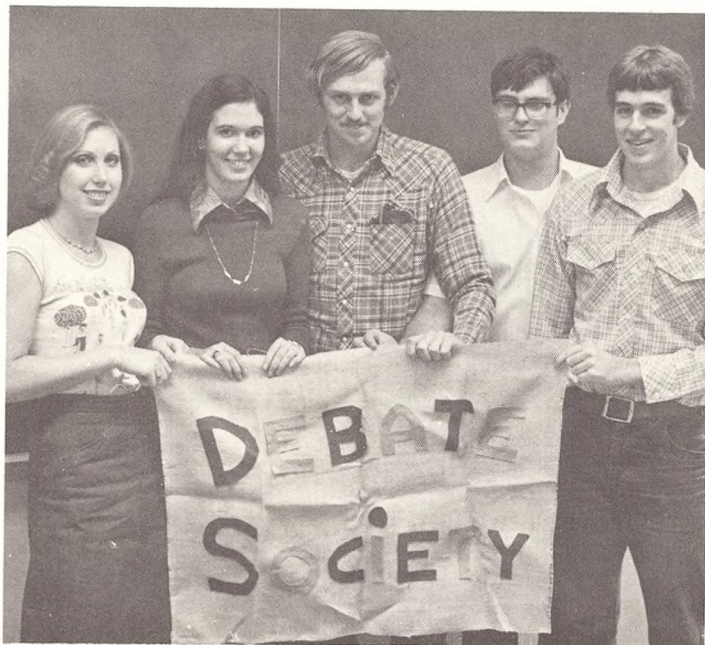

This year is the first year for Pi Kappa Delta, an honorary forensic society, at St. Francis. It provides recognition for selected members of the team.
