

OMEGA DELTA CHI

Omega Delta Chi flourished under the leadership of President Tom Caifa in 1968-69. The brothers of the "Maroon and White" were once again in the fore front of the social happenings in the college. Omega sponsored a hugely successful dance spiced with Arabian decor which was one of the highlights of the social season.

The men of Omega Delta Chi newly established in their house on Atlantic Avenue predict even greater social endeavors for the coming year. Serving aptly in executive positions this year were also Dennis Rogan as Vice-President and Greg Scherff as ASA Representative. Prof. O'Leary was charged with the task of moderating Omega.
