

Community Day

Community Day, held on April 22, 2007, is a celebration of culture and the differences between all of the diverse population here at St. Francis. Presented by the Institute for Cross Cultural Psychology, Community Day is a culmination of different performances, most of which were ethnically based, and ranged from singing, to poetry to dancing. Performers sang popular songs and shared their own poetry, while others performed special dances for the audience. A wonderful success, Community Day drew a large audience.

Relay for Life

On March 30, 2007 St. Francis, as well as other colleges in the community, took part in one of our largest events, the Relay for Life. This relay was an opportunity to come together in the spirit of St. Francis to raise awareness and funds for the fight against cancer.

The event began at 3 p.m. with registration and had a survivor's lap to kick off the event, where anyone who has survived cancer or is currently fighting was invited to walk the first lap around the track. The relay continued into the night with various entertainment including caricatures, cultural dancers, local student bands and even burritos. Once again the members of the SFC community were able to come together and support a great cause.
