

# Family Day

Br. Thomas Grady

Family Day is held each Fall semester for members of the Freshman Class and their families. This year's event, held on October 1st, attracted over 300 people. It provides these students and families a unique opportunity to visit the College and meet members of the St. Francis College family in an informal setting and relaxed atmosphere. The day began with Mass in Founders Hall, then convened with a special buffet lunch in the Gorman Dining Hall.

Highlights included faculty presentations by Dr. Greene - "Can Buildings Speak?" Dr. Hirsch - "Confessions of a Lonely Professor," Dr. Perper - "Who Killed St. Francis?" and Dr. Quick - "Economics-Who Cares?" There was also a tour of historic Brooklyn Heights led by Dr. Sparr and women's water polo practice. William Mallett, Student Activities

Sister Colleen Colbert on duty
