

# I.R.C.

*The International club of St. Francis as in previous years flourished in '68-'69. Added incentive was due to '68 being an election year. The club presented a variety of speakers among them, Senator Jacob Javits, Senator Inouye, James Buckley and congressman Hugh Carey, and Nixon's right hand man former Governor Scranton of Pennsylvania.*

*The club is presently making to hold its annual symposium and high school convention. '69-'70 promises to be a dynamic year for the I.R.C. and the club is busy preparing for its annual roasting of the candidates for the mayorship of Fun City.*
