## Just Hangin' Out

Laughing, crying, telling jokes, or gossiping is what constitutes some of our hanging out time. In the cafeteria or lounge, in the halls or on 1M, or wherever it is that you like to hang out. Just do it and have fun!

Hanging out and relaxing with some friends makes college life fun and more bearable.

No denying, hanging out with friends is probably one of the things we all look forward to most when coming to school.
