

### **Editor's Message:**

2002-2003 was yet another year that put all of us to trial. Having to understand a war we fought in a different country, on a different continent, and a shaky economy that affected the biggest city in the world, our city of New York, we, the seniors, are ironically the most numerous class to graduate from St. Francis College. Once again, the SFC graduates have made it, and to you all we extend our **CONGRATULATIONS**, together with the most sincere wishes of success, both on a personal level, as well as in the career of your choice.
