President

# Math Club

THE Math Club emerged as a separate entity in 1947 when Mathematics was offered as a major field of study for the first time. The present constitution was drafted and accepted by the Student Council in 1956.

CLUB OFFICERS: *Front Row, left to right:* Raymond McCartney, Neil O'Reilly, Gerald Curtin, Jonathan Green. *Second Row:* James Griffin, Charles Haas.

Mathematicians, too, can relax.

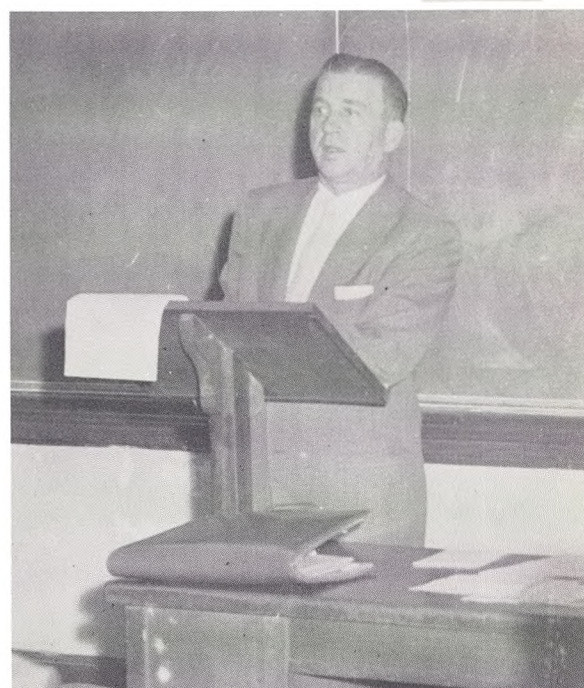

"Dads" present program for anticipated activities.

## Fathers Club

**T**HE FATHERS' CLUB, which was founded six years ago, has as its prime object the promotion of a better understanding of the College way of life by the fathers of Saint Francis College students. At monthly meetings, the administration and college organizations have presented different phases of college activity, in an attempt to attain this end. In addition to their Father-Son Communion breakfast, the club sponsors an annual dance and holds periodic smokers.

MR. FRANK D'AMBRA  
President

Fathers finish last minute business in preparation for their Annual Communion Breakfast.
