ALPHA PHI DELTA

Recognizing it's dual role as a part of a national fraternity and as an integral part of the St. Francis Community, Beta Sigma chapter of the Alpha Phi Delta fraternity is a constant working force in both spheres. Under the leadership of Joe Nunziata, succeeded as president in January by Bill Randazzo, the chapter continues fostering it's ideals of scholastic achievement and the promotion of Italian culture by continuing the library exhibit. This past October, Beta Sigma held it's annual Cancer Drive at the college.

In Beta Sigma chapter, there are five brothers who are members of the Dun Scotus Honor Society. Three senior class officers and one of the executive members of Student Government are members of Beta Sigma. Many of the brothers participate in the various clubs, functions at the college, and teams. Nine were awarded Who's Who in American Colleges and Universities.

On March 25, 1972, Beta Sigma chapter celebrated it's tenth anniversary at a dinner in Flushing, Queens. Beta Sigma chapter is also an active participant in the national affairs of the fraternity. Alpha Phi Delta has helped Saint Francis to grow and will continue to do so in the future.
