ΑΦΔ Social Fraternity strike a pose

A beautiful smile from Michele (r), member of the Cheerleading Squad

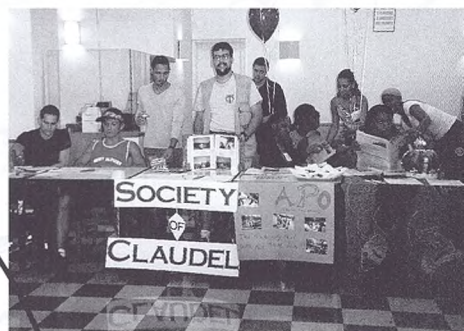

Chemistry Club and the Troupers

The Psychology Club and The Montage

Terrier Tuesday marks the beginning of a new academic year. Every Fall semester SGA sponsors this event so that each member of the incoming freshman class can choose a club or an organization that is in tone with his/her interests. The day starts with the address of President Frank Macchiarola and several of the deans in Founders Hall, and it continues with the club/organization fair which ritually takes place in the Gorman Dining Hall. Here, the college clubs, organizations and publications present their purpose, as well as their activity, and invite the new St. Francis students to join by signing an enrollment sheet. This event is organized to welcome and encourage freshmen to become an active part of the college, and also to start channeling their interests and put their potential creativity to work. This event is key to discovering the future leaders of the years to follow.

The Society of Claudel: pictures say a thousand words

Fact: Human heads and candy always attract new members

The Chapel, used for weekly prayer services and choir rehearsals

Open House

Once again the "Open House God" blessed us with a "beautiful day in the neighborhood". The visitors were the largest ever. As usual, you, our students, faculty and administrators were there in great numbers and did a wonderful job showing our guests who and what we are about.

It was a day of compliments from the visitors about all of you. Your enthusiasm made them feel at home. If your feet hurt at the end of the day it was because you worked so hard to impress our guests. And you did just that. They couldn't say enough good things about you as they left, thanking you by name. If you missed it, you missed something special.

Thanks to all who "came, saw and conquered" See you next year!

Admissions

Thanksgiving

Thanksgiving has become one of the most flavorful holidays at St. Francis College. The ceremony of the turkey carving is officiated by President Macchiarola, while Dean Adams and Hakim Williams (SGA President) share their opinions on how the tasty turkey can be sliced.

Everyone's favorite part is actually eating the delicious stuffing, corn and vegetables and of course the turkey itself, while socializing and listening to some good music.

This event marks the debut of our Thanksgiving break.
