Matty entered St. Francis in 1944 and decided that Chemistry would be his major field. We feel sure in saying that Matty will be successful. He will always be remembered for his willing smile and happy-go-lucky attitude.

## ANTHONY DOMINIC SCOTTO

*Navy*

*St. Francis Prep*

*IRC; French Club; Third Order; Intermurals.*

Tony, the idealist and man of business, is often seen in "big deal" huddles in the corridor transacting millions of dollars of business. Well known for his lengthy arguments in the History classes, "the haircut" carries through all his activities with a great deal of enthusiasm. He is always griping about the numerous dates in history he has to memorize. Tony intends to enter business after graduation. "After all if Vanderbilt and Rockefeller can do it why can't I." We are sure that his ability will put him at the top of any field he enters.
