Speaker William S. Tung at an Economic Society meeting.

Members—Charles Mason, Steve King, Al Risicato, and Francis Chin.

## Omicron Delta Epsilon

Although the Economic Society and Omicron Delta Epsilon—Eta Chapter are two separate entities, they work together running lecture series, tutoring programs, and assisting with registration. The Economic Society is open to all students. The society sponsors field trips and informs the students of job opportunities. Representatives from the General Accounting Office and the Internal Revenue Service have spoken this year about the positions available.

Omicron Delta Epsilon is the Honor Fraternity of Economics which accepts those students that meet the requirements.

## Math Club

The Math Club members pictured below: (standing l-r) Ray Bassil, Steve Virgadamo, Sharon Cimakisky (seated) Fran Pagnotta, Ann Moran, Jane Barbara, Lisa Scalia and Richard Imperato.

The Math Club is heading towards its quarter-century mark. This year the officers are Jane Barbara—President, Steve Virgadamo—Vice-President, and the club is moderated by Brother Leo Quinn.

Throughout the years it has served those students interested in mathematic programs outside the classroom. The Math Club has sponsored a wide variety of films from Theory films to Super Bowl highlights and also presented many distinguished speakers.

For the past ten years the Math Club has actively participated in Math Bowls. Three times each year the Terriers compete against Molly College, and St. John's University.

Many members are also in the National Mathematic Honor Fraternity, Kappa Mu Epsilon.
